SANGUINIUS

The Daemon Primarch Perturabo's grand plan for the conquest of the Imperium has taken thousands of years to formulate, and its first step is to bring the Cadian Gate under his complete dominion. Those Imperial worlds that remain there – including the mighty forge world Agripinaa – have been able to hold on until now, but the Iron Warriors must conquer the sector if Perturabo's plan is to begin in earnest.

WAHAHAHA! GET ME OUT OF HERE! HAHAHA! HAHAH!

PLEASE! HAHAH! LEAVE MY FEET ALONE! UNTIE ME! HAHAHA WAHAHA!

I- I- CA- CAN'T

I wonder what Princess tastes like? Looks kinda yummy...

Prince Florian

Oh no, Princesses!!
Keep letting them lick you!
I will try to find something to help. Just hold on!

EEEHEHEEEK!
DON'T LICK THERE!

Good Mooooorniiiiing!!!

You look just how I left you hahaa

Oh I bet you wish you could cum SO bad right now...

Lets turn this off and see how hard you do then!

OFF

Oops! My finger slipped! My bad... after such a long night you were so close!

There we go...

Now no matter how hard I try and how bad you want to, you CAN'T orgasm!

SEE?!

WOW! You're so sensitive! You would have cum nearly three times from that by my readings! I guess that's what a whole night of edging will do to you...

Now, remember my promise last night? I have something *very* special planned for THESE! But fiiiirst...

You've been far too wiggly! I need to make sure there's nothing you can do but TAKE what I'm about to do next!

Ready? <3

!♥!

Oh!!! What a familiar feeling huh? Bet you weren't expecting to feel that there hee-hee

You should know it quite well... It SHOULD feel a bit like...

THIS!!!

See... I did a bit more hacking. Now your brain is wired to treat these cute little, HIGHLY exposed, nipples of yours juuuuust like that super sensitive clit I've been playing with! Si una clit te pusiste tan loca... imagine what I can do with THREE!!!

Teasing like this must be torture when your body wont let you cum ♥

TICKLE TICKLE TICKLE TICKLE TICKLE TICKLE

Already such a sensitive body part...
and so much more *accessible* than a clit!

Its a PERFECT choice for my hack!
I can play with them in so many ways!

You DEFINITELY can't handle two at once...

So that means...

I should re-activate my hacks from last night and tickle ALL THREE at the same time!!!

SNAP

Heheee my hack is back and it's glowing like CRAZY!!!

You look like you can't take this at all...

but I bet you'll be BEGGING me to go back to this after what I'm about to do to you

My gloves are not as powerful as my main rig, they won't be reprograming a nervous system like I did to you anytime soon. But I needed something new I could take out in the field, so I simplified the tech I used to hack you.

My nails are outfitted with bio-capacitors now. Wherever I touch triggers an impulse in a concentrated radius around the point of contact throughout your skin's nerves. I can induce any feeling on the spectrum, but right now I have it tuned to a very specific setting.

So... If I touch here you should feel...

AN OVERWHELMING TICKLISH SENSATION!!!!!

Mmmmm

Concentrated tickling...

On your most sexually sensitive spot...

Multiplied by THREE!

It's torture isn't it?

Your mind so overloaded with frustration and all you can do is take it...until...you...

Oops... I broke her... haha

¡Ay, señor!

Pero no te preocupes... I'm not done yet!

You're not getting off that easily...

Wakey...

Wakey!!

Now let's make sure you can't pass out again.

I'll admit you lasted way longer than I expected based on what I learned about you.

~*Extremely Ticklish*~

Oh? Did I forget to mention?
I backed up your memories a loooong time ago mija!
I already know everything I need to know. I don't need any intel from you.

Do you think I'd have risked valuable intel being lost from all the torture I just put you through?

I know a TON about Overwatch, all your abilities, and even your little *secrets* waiting for you back home!

P-PLEASE! I'LL TEL- WHAT?? HO-

I wonder if I should reunite you two?
You were a pretty tough cookie to crack
But a soft, untrained civilian like her?
Imagine the absolute hell even a fraction of this would be for her!

You'd probably be so turned on by it...

EMILY?!

Giving up names now, huh?
You really are in a giving mood!

PLEASE! LEAVE HER OUT OF THIS I-

Sorry Tracer, it's already too late hehe!

YOUR'RE IN YOUR WORST NIGHTMARE NOW!

AND IRONICALLY, I WON'T BE LETTING YOU WAKE FROM IT ANYTIME SOON!

TINK TINK TINK TINK TINK TINK

Pleeeeeeeease

I may not need any intel from you, but that doesn't mean I don't need info from you...

See, I have one last surprise coming and I need your *input* hee-hee.

I'll give you a hint, it's lined completely from tip to tip with the same bio-capacitors I'm torturing you with right now!

And unlike my glove, it's connected to my rig so it can directly stimulate the pleasure center in your brain, while every CENTIMETER of skin it touches will experience the MOST excruciatingly ticklish sensation for as long as this cute little device stays in contact with it...

The more it touches, the worse it'll get and it's designed to go in VERY deep and fit VERY snugly riiiiight in your-

...

FKKKKKK!!!!

Y-you *huff*

JERK!

Don't sneak up on me like that!!!

SQUIRT

POKE

That was a bit embarrasing...

I did crank up the intensity but I never expected THAT from one tiny touch!

I can't even imagine how it would feel if I were to... stick it in.

But, I don't have to do I...

...I have you for that!

IN IT GOES!

Wow! You look like you're caught between SCREAMING LAUGHTER and a MIND BREAKING orgasm you *juuuust* cant reach!

Your body is going haywire!
It's AMAZING!!!
You're actually starting to cum through my hacks!

Of course this means I need more testing...
Like on that sensitive muñequita of yours...
My hacks need to survive far worse than this.
Luckily for me I can just use your recall ability so you'll never reach the orgasm you look like you're BEYOND desperate to have and I can keep my hacks in tact!

¡Oooo PERFECTO!
I think my package arrived!! She'll be perfect to test this on!
Let me just reactivate your chronal accelerator_

See you later Tracer~

I'm so sorry about the new museum Lenora. I really thought we figured out what was causing the sound of sobbing every night! Phoebe seemed so sure, but now I cant even find *her!*

RELIC CASTLE ON PASIO

IT IS SAID THAT SECRET STONES ARE INTRINSICALLY TIED TO THE BEARER'S EMOTIONS. MY THEORY, IF CORRECT, IS THAT WE MAY BE ABLE TO INDUCE THE BEARER INTO A HIGH EMOTIONAL STATE BY FORCIBLY APPLYING A STIMULI TO THEM
SO IN OTHER TERMS... YOU MEAN TO "TICKLE" HER LATENT POWERS INTO AWAKENING?
ARE WE CEHEHERTAIN ALL THIS IS NYAHAHAHA! NESSESSARY!?
WELL I SUPPOSE I'VE SEEN STRANGER THINGS HAPPEN IN MY TIME.
COULDN'T WE PERHAHAHHAAPS TRY AN ALTERNATIVE, AHAHAND POSSIBLY LESS INTRUHUHUHUUUSIVE METHOD FIHIHIRRSTTTT?!?
MY APOLOGIES FOR THE DISCOMFORT ZELDA, HOWEVER I MUST URGE YOU TO BEAR IT. THIS MAY BE THE SWIFTEST ROUTE TO GETTING YOU BACK TO YOUR TIME
YES, I SEE
LOOK MINERU!
HER SECRET STONE SEEMS TO BE REACTING TO THE STIMULATION
PERHAPS THERE IS SOMETHING TO BE GAINED FROM THESE METHODS
SWIPE
POKE
COULD IT BE POSSIBLE THAT APPLYING A MORE INTENSE STIMULI TO ADDITIONAL AREAS WOULD FURTHER HER PROGRESS?
IT'S NOT OUT OF THE QUESTION... I SAY IT'S IN OUR BEST INTEREST TO THOROUGHLY EXPLORE ALL POSSIBLE COURSES ON THIS MATTER
WELL THEN, I'LL SEE THAT CERTAIN PREPARATIONS BE MADE FOR SUCH ENDEAVORS~

You've gotten careless, Tracer. Should've checked your six or whatever you stupid agents say...

You don't even want to KNOW how many people I had to go through just to be the one to end up with you...

That's why my nanobots will make sure you can't move a CENTIMETER away from me now...

Now let's do something about those clothes...

It's almost shameful hehe!

Ah I see you've found my surprise!
I hacked your chronal accelerator to activate your pesky recall ability whenever you're about to cum!
I know it only resets your physical state so you're in for a hell of a night!
Throughout the night, each Recall started Tracer off closer and closer to the edge until every reset was only a microsecond back. This essentially left Tracer in an infinite state of "almost-orgasm"!

I think it's time we find out just what's under this hood...

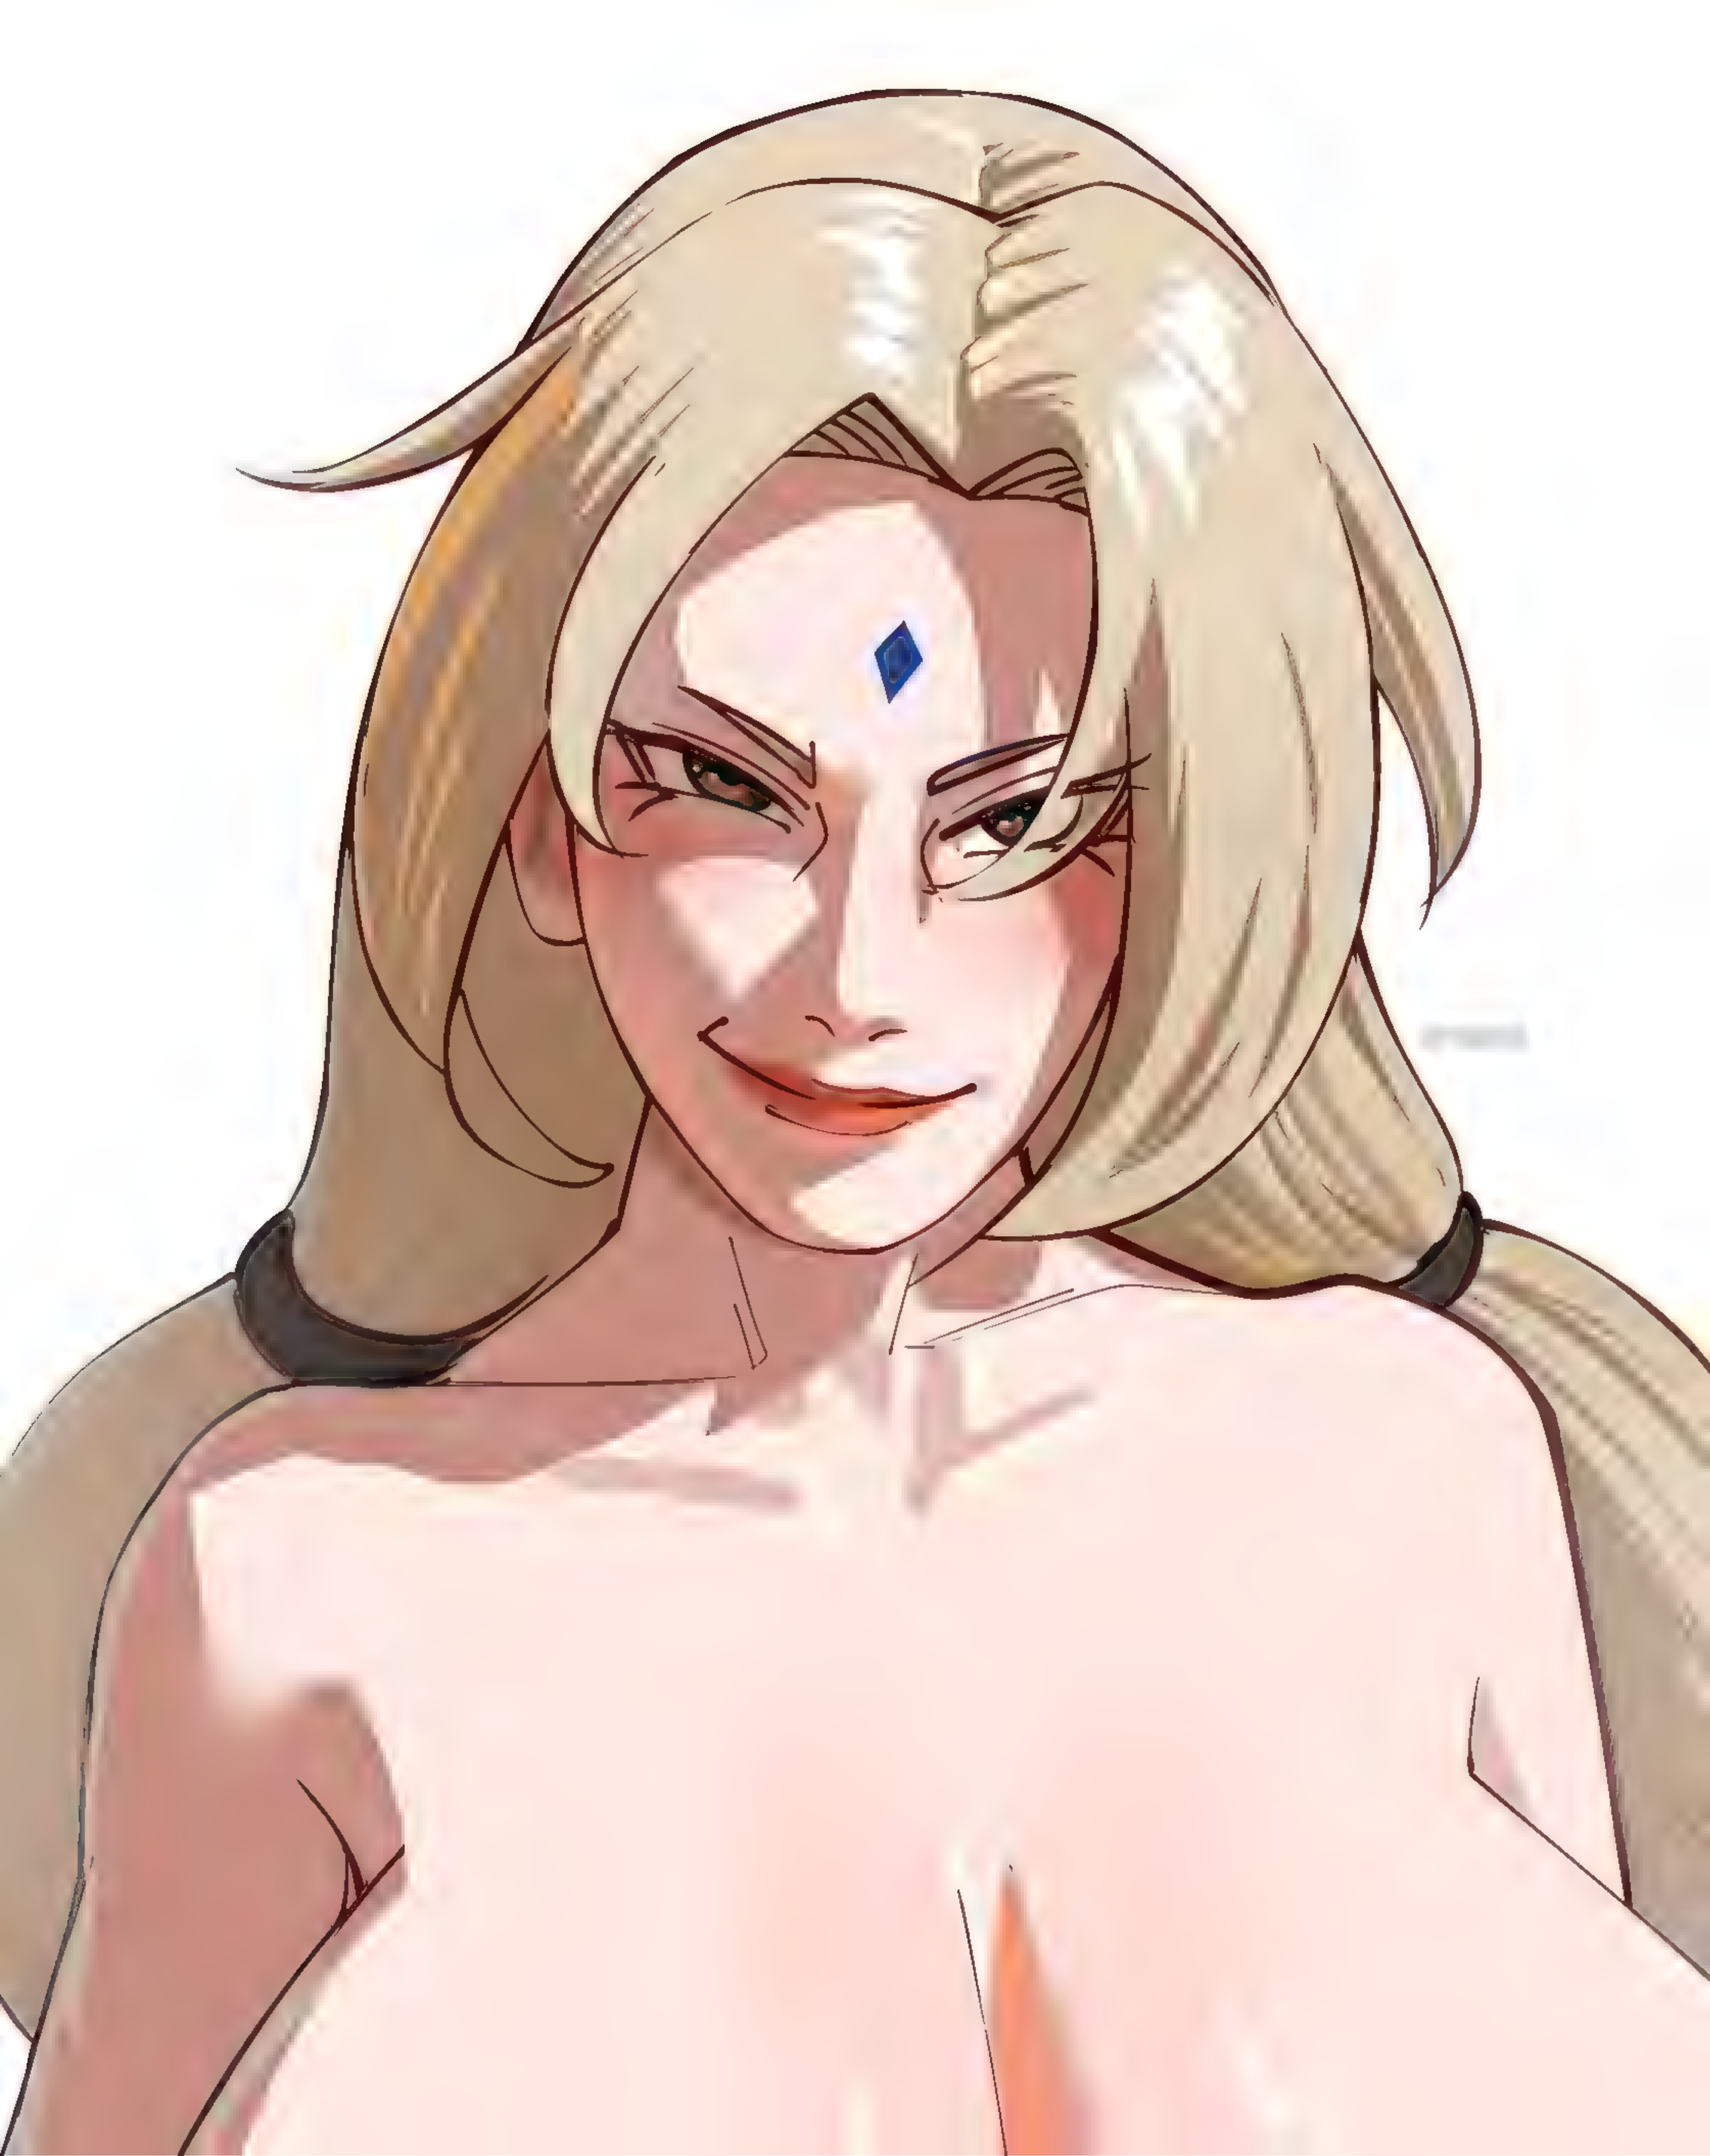
REIQ!



AFTER THE DISAPPEARANCE OF EMMA FROST THROUGH ONE OF THE PORTALS OF DR. STRANGE, NOTHING MORE WAS HEARD OF HER. SHE IS THEORIZED TO HAVE ENDED UP IN SEVERAL OF THE MULTIVERSES, SUCH AS THE UNIVERSE OF THE DINOSAUR PEOPLE, OR THAT OF EARTH 2149... SHE WAS ALSO THEORIZED TO HAVE ARRIVED ON EARTH 714135, THE LAND OF THE... "PECULIAR" DWARF PEOPLE... FOND OF A CERTAIN KIND OF FETISH. GIVEN EMMA FROST'S POWER, IT WAS QUICKLY DISMISSED. THE EXPERIMENTS THERE, WERE CURIOUS, ACCORDING TO OUR ENVOY, WHO WAS SENT FOR CONFIRMATION OF EMMA'S DISAPPEARANCE BY SOME CHANCE. THE DWARFS DENIED HER ARRIVAL. OUR ENVOY ALSO REPORTED THE TYPES OF "EXPERIMENTS" THEY PERFORMED (HE WAS GIVEN A *FRIENDLY?* WELCOME, IT SEEMS...). THEY WERE TYING PEOPLE FROM OTHER UNIVERSES TO SOME SORT OF PLATFORM, DENYING THEIR POWERS AND STARTING TO PLAY WITH THEIR SKIN, LOOKING FOR THE ANSWER AS TO WHETHER THEY WERE TICKLISH OR NOT. PEOPLE WHO WERE NOT TICKLISH (LIKE OUR ENVOY) WERE QUICKLY DISPATCHED BUT IF THE PERSON WAS... THEY WOULD BE CLEANED WITH TINY TOOLS (GIANTS TO THEM... HOW COULD THEY EVEN LIFT THEM?), SMEARED WITH DIFFERENT KINDS OF SECRETIONS, GROPED WITH MORE TOOLS... THEY WOULD ALSO COLLECT FLUIDS FROM TICKLISH PEOPLE. I STILL DON'T UNDERSTAND WHY, BUT THEY SEEMED VERY EXCITED ABOUT IT. I THINK THE ENVOY SAID THEY USED IT TO GENERATE THEIR WORLD'S ENERGY, BUT I DON'T THINK THAT'S THE MOST EFFICIENT WAY? WELL, I'M NOT ONE TO GO AND DISPROVE THAT FOR THEM. FOR NOW WE'LL JUST KEEP LOOKING FOR EMMA AND LEAVE THESE STRANGE PEOPLE TO THEIR EXPERIMENTS.

THIS IS SUCH A DELIGHTFUL VIEW OF HER.

AFTER THE DISAPPEARANCE OF EMMA FROST THROUGH ONE OF THE PORTALS OF DR. STRANGE, NOTHING MORE WAS HEARD OF HER. SHE IS THEORIZED TO HAVE ENDED UP IN SEVERAL OF THE MULTIVERSES, SUCH AS THE UNIVERSE OF THE DINOSAUR PEOPLE, OR THAT OF EARTH 2149... SHE WAS ALSO THEORIZED TO HAVE ARRIVED ON EARTH 714135, THE LAND OF THE... "PECULIAR" DWARF PEOPLE... FOND OF A CERTAIN KIND OF FETISH. GIVEN EMMA FROST'S POWER, IT WAS QUICKLY DISMISSED. THE EXPERIMENTS THERE, WERE CURIOUS, ACCORDING TO OUR ENVOY, WHO WAS SENT FOR CONFIRMATION OF EMMA'S DISAPPEARANCE BY SOME CHANCE. THE DWARFS DENIED HER ARRIVAL. OUR ENVOY ALSO REPORTED THE TYPES OF "EXPERIMENTS" THEY PERFORMED (HE WAS GIVEN A *FRIENDLY*? WELCOME, IT SEEMS...). THEY WERE TYING PEOPLE FROM OTHER UNIVERSES TO SOME SORT OF PLATFORM, DENYING THEIR POWERS AND STARTING TO PLAY WITH THEIR SKIN, LOOKING FOR THE ANSWER AS TO WHETHER THEY WERE TICKLISH OR NOT. PEOPLE WHO WERE NOT TICKLISH (LIKE OUR ENVOY) WERE QUICKLY DISPATCHED, BUT IF THE PERSON WAS... THEY WOULD BE CLEANED WITH TINY TOOLS (GIANTS TO THEM... FINALLY! I FOUND THE TELEPORTATION PRYSTAL!

I WONDER IF IT WORKS?

OOPS... WHERE AM I?

WHO IS THERE?

YOU DON'T LOOK LIKE AN ALIEN.

I AM HUMAN! MY NAME IS LARA.

PRYSTAL BROUGHT ME TO THIS CAVE.

PRYSTAL?!

DID YOU KNOW THAT THE PRYSTAL'S TELEPORTATION FIELD SPREADS SEXUAL AROUSAL PHEROMONES?

OH, LOOK HOW THE TENTACLES SWOLLEN AND TENSE!

DON'T RESIST THE TENTACLES. JUST RELAX.

OKAY, BUT...

WILL THE PRYSTAL EFFECT AFFECT US TOO?

OF COURSE! DO YOU THINK OTHERWISE I WOULD HAVE LET US BE CAPTURED?

A Snapshot in Time

This map aims to depict territories around the A
Many indigenous nations live on land they hav
for millennia (e.g. Havasupai, Mi'kmaq, Secwe
Others have migrated great distances in more
recent centuries (e.g. Arapaho, Kickapoo, Tusc

Some nations shown here were later incorporat
into others (e.g. Calusa, Hatzic, Sutaio), and so
newer tribes are not shown as they had not yet
(e.g. Comanche, Muckleshoot, Seminole).

An Unfinished Map

The nations on this map, their names, and their territories, were
compiled with the author's best efforts to interpret the consensus
among numerous sources - some of which include:

- the National Geographic *Atlas of Indian Nations*
- the Native Languages of the Americas website
- ives Goddard's native languages map
- Charles Paullin's Indian tribes map
- Hillary Rudd's Coast Salish territories map
- William Sturtevant's early Indian tribes map
- maps and descriptions from official tribal websites

Care was taken to include as many nations as possible, but
many are surely missing due to the difficulty of confirming
them in multiple sources. Anyone with additions or corrections
is encouraged to build upon this copyright-free map, to
contact the author with sources to use for future editions.

Most people read this and think it’s sci-fi.

It’s actually just physics.

Here’s the “Time Delay Stack”:

1) Light has a speed limit
~300,000 km/s
Nothing travels faster

2) Distance = time delay
1 light-year = 1 year in the past

3) So 2,000 light-years away =
Earth 2,000 years ago

4) Meaning:
They don’t see us “now”
They see our history

5) The universe isn’t synchronized
Every observer lives in a different “now”

Space isn’t just distance.

It’s time.

It's mass!

UNDERSTANDING THE NATURE OF THE GIFTS

Ken Hemphill defines a spiritual gift as "an individual manifestation of grace from the Father that enables you to serve Him and thus play a vital role in His plan for the redemption of the world."[1] Peter Wagner defines a spiritual gift as "a special attribute given by the Holy Spirit to every member of the Body of Christ according to God's grace for use within the context of the Body."[2] Gene Wilkes defines the gifts in these terms: A spiritual gift is an expression of the Holy Spirit in the life of believers which empowers them to serve the body of Christ, the church.

Lists of gifts can be found in Romans 12:6-8; 1 Corinthians 12:8-10, 28-30; Ephesians 4:11; and 1 Peter 4:9-11. These lists are representative of the gifts and roles God has given to the church. A definition of these gifts follows.[3]

LEADERSHIP - Leadership aids the body by leading and directing members to accomplish the goals and purposes of the church. Leadership motivates people to work together in unity toward common goals (Rom. 12:8).

ADMINISTRATION - Persons with the gift of administration lead the body by steering others to remain on task. Administration enables the body to organize according to God-given purposes and long-term goals (1 Cor. 12:28).

TEACHING - Teaching is instructing members in the truths and doctrines of God's Word for the purposes of building up, unifying, and maturing the body (1 Cor. 12:28, Rom. 12:7; Eph. 4.11).

KNOWLEDGE - The gift of knowledge manifests itself in teaching and training in discipleship. It is the God-given ability to learn, know, and explain the precious truths of God's Word. A word of knowledge is a Spirit revealed truth (1 Cor 12 28).

WISDOM - Wisdom is the gift that discerns the work of the Holy Spirit in the body and applies His teachings and actions to the needs of the body (1 Cor 12:28).

PROPHECY - The gift of prophecy is proclaiming the Word of God boldly. This builds up the body and leads to conviction of sin. Prophecy manifests itself in preaching and teaching (1 Cor. 12:10; Rom. 12:6).

DISCERNMENT - Discernment aids the body by recognizing the true intentions of those within or related to the body. Discernment tests the message and actions of others for the protection and well-being of the body (1 Cor 12 10)

EXHORTATION - Possessors of this gift encourage members to be involved in and enthusiastic about the work of the Lord. Members with this gift are good counselors and motivate others to service.

EXHORTATION EXHIBITS itself in preaching, teaching, and ministry (Rom. 12:8).

1/4

SHEPHERDING - The gift of shepherding is manifested in people who look out for the spiritual welfare of others. Although pastors, like shepherds, do care for members of the church, this gift is not limited to a pastor or staff member (Eph. 4:11).

FAITH - Faith trusts God to work beyond the human capabilities of the people. Believers with this gift encourage others to trust in God in the face of apparently insurmountable odds (1 Cor 12.9).

EVANGELISM - God gifts his church with evangelists to lead others to Christ effectively and enthusiastically This gift builds up the body by adding new members to its fellowship (Eph 4 11)

APOSTLESHIP - The church sends apostles from the body to plant churches or be missionaries Apostles motivate the body to look beyond its walls in order to carry out the Great Commission (1 Cor. 12 28, Eph. 4:11).

SERVICE/HELPS - Those with the gift of service/helps recognize practical needs in the body and joyfully give assistance to meeting those needs Christians with this gift do not mind working behind the scenes (1 Cor. 12:28; Rom. 12:7).

MERCY - Cheerful acts of compassion characterize those with the gift of mercy. Persons with this gift aid the body by empathizing with hurting members. They keep the body healthy and unified by keeping others aware of the needs within the church (Rom. 12:8).

GIVING - Members with the gift of giving give freely and joyfully to the work and mission of the body. Cheerfulness and liberality are characteristics of individuals with this gift (Rom. 12:8)

HOSPITALITY - Those with this gift make visitors, guests, and strangers feel at ease. They often use their home to entertain guests. Persons with this gift integrate new members into the body (1 Pet. 4.9).

God has gifted you with an expression of His Holy Spirit to support His vision and mission of the church. It is a worldwide vision to reach all people with the gospel of Christ. As a servant leader, God desires that you know how He has gifted you. This will lead you to where He would have you serve as part of His vision and mission for the church.

This article was adapted from Jesus on Leadership: Developing Servant Leaders, *by Gene Wilkes (Lifeway Christian Resources 1998).*

1 Ken Hemphill, *Serving God: Discovering and Using Your Spiritual Gifts Workbook* (Dallas: The Sampson Company, 1995), 22.

2 *Your Spiritual Gifts Can Help Your Church Grow* by C. Peter Wagner, Copyright © 1979, Regal Books, Ventura, CA 93003 Used by permission, 42

3 These definitions exclude the "sign gifts" because of some confusion that accompanies these gifts and because they are difficult to fit into ministries within a typical church's ministry base.

Top Solutions for Missing Mac Drives

- **Check Physical Connections:** Ensure the cable is secure, try a different port, and avoid using unpowered hubs.
- **Adjust Finder Settings:** Open Finder, click **Settings (or Preferences) > General**, and ensure "External disks" is checked to show icons on the desktop.
- **Check Disk Utility:** Go to Applications > Utilities > Disk Utility. If the drive appears, select it and click **Mount** or **First Aid**.
- **Enable Accessory Connections:** If using macOS Ventura or later, go to **System Settings > Privacy & Security > Allow accessories to connect** and set it to "Automatically When Unlocked".

Neuroscientists have found that musicians often have a larger corpus callosum.
This is the bundle of nerve fibers that connects the left and right sides of the brain. More connection means faster communication between brain regions.

MENTAL ASPECT

Playing an instrument strengthens neuroplasticity. Neuroplasticity is the brain's ability to rewire and adapt. The more you challenge your brain with music, the stronger these neural pathways become.

Musicians also show stronger memory networks.
Reading music, remembering notes, and coordinating movements trains the brain to store and retrieve information more efficiently.

This is so cool. Smart for Reggie too. Making the best out of a downside of his CT. Turning the paper into a pseudo benefit in combat, since he has to carry it around anyway.. 🔥

Ghostlike @ghostlik... · 9h

This is not actually true, and IN FACT this belief is what holds most people back. The issue is some people think they should be improving when in reality they may put in tons of hours writing songs but the hours they put in are only working on full projects but not improving on the little things that make your overall songwriting get better. You have to be objective about your own abilities and shortcomings. This is what a significant number of people struggle with. You pump out “the work” without actually focusing on where to improve. Think of it like this if you were gaming and you just constantly hopped into competitive every single time you played would you become top 500 at that game? Absolutely not. Would you be under the impression that you COULD become top 500 if you only run comp? POSSIBLY if you don’t know about gaming and you don’t think about the big picture and how to improve. The improvements don’t come from just doing the end goal. You need aim training movement training map knowledge game sense for that specific game from watching your VODs and overall sharp senses which don’t all just come from running competitive. This same principal applies to literally everything including songwriting. Most people will skip to making a full song (or many of them) without improving instrument skills, sound choice (biggest thing overlooked by early musicians), vocal exercises, arrangement (very important), Toplining (understanding what makes books catchy and what makes them boring and how to be able to consistently write catchy hooks) production (general, and advanced), mixing skills (compression, EQ, echo, reverb, bussing vs direct effects), mastering. And many many more steps. If a person has the drive to learn all of these things individually no matter who the are they could become good. But it starts with being real with yourself and analyzing your own shortcomings then improving individually while ALSO putting those into a full song setting. You have to learn AND THEN apply it right after you learn. Then go back to learning then apply it to a new song right after you learn. Do this 500 times and you got a good start.

shinjutsuanime Growing up believing your worth depends on how useful you are to others leaves marks

FUSHIGURO, THE MR. POTENTIAL

Megum was never ra sed to bel eve he had inherent worth H s father sold him before he could understand what that meant Gojo took him in, but as an asset a future weapon

So he internalized it. He stopped ask ng to be seen as a person and started def n ng h mself ent re y by what he could do

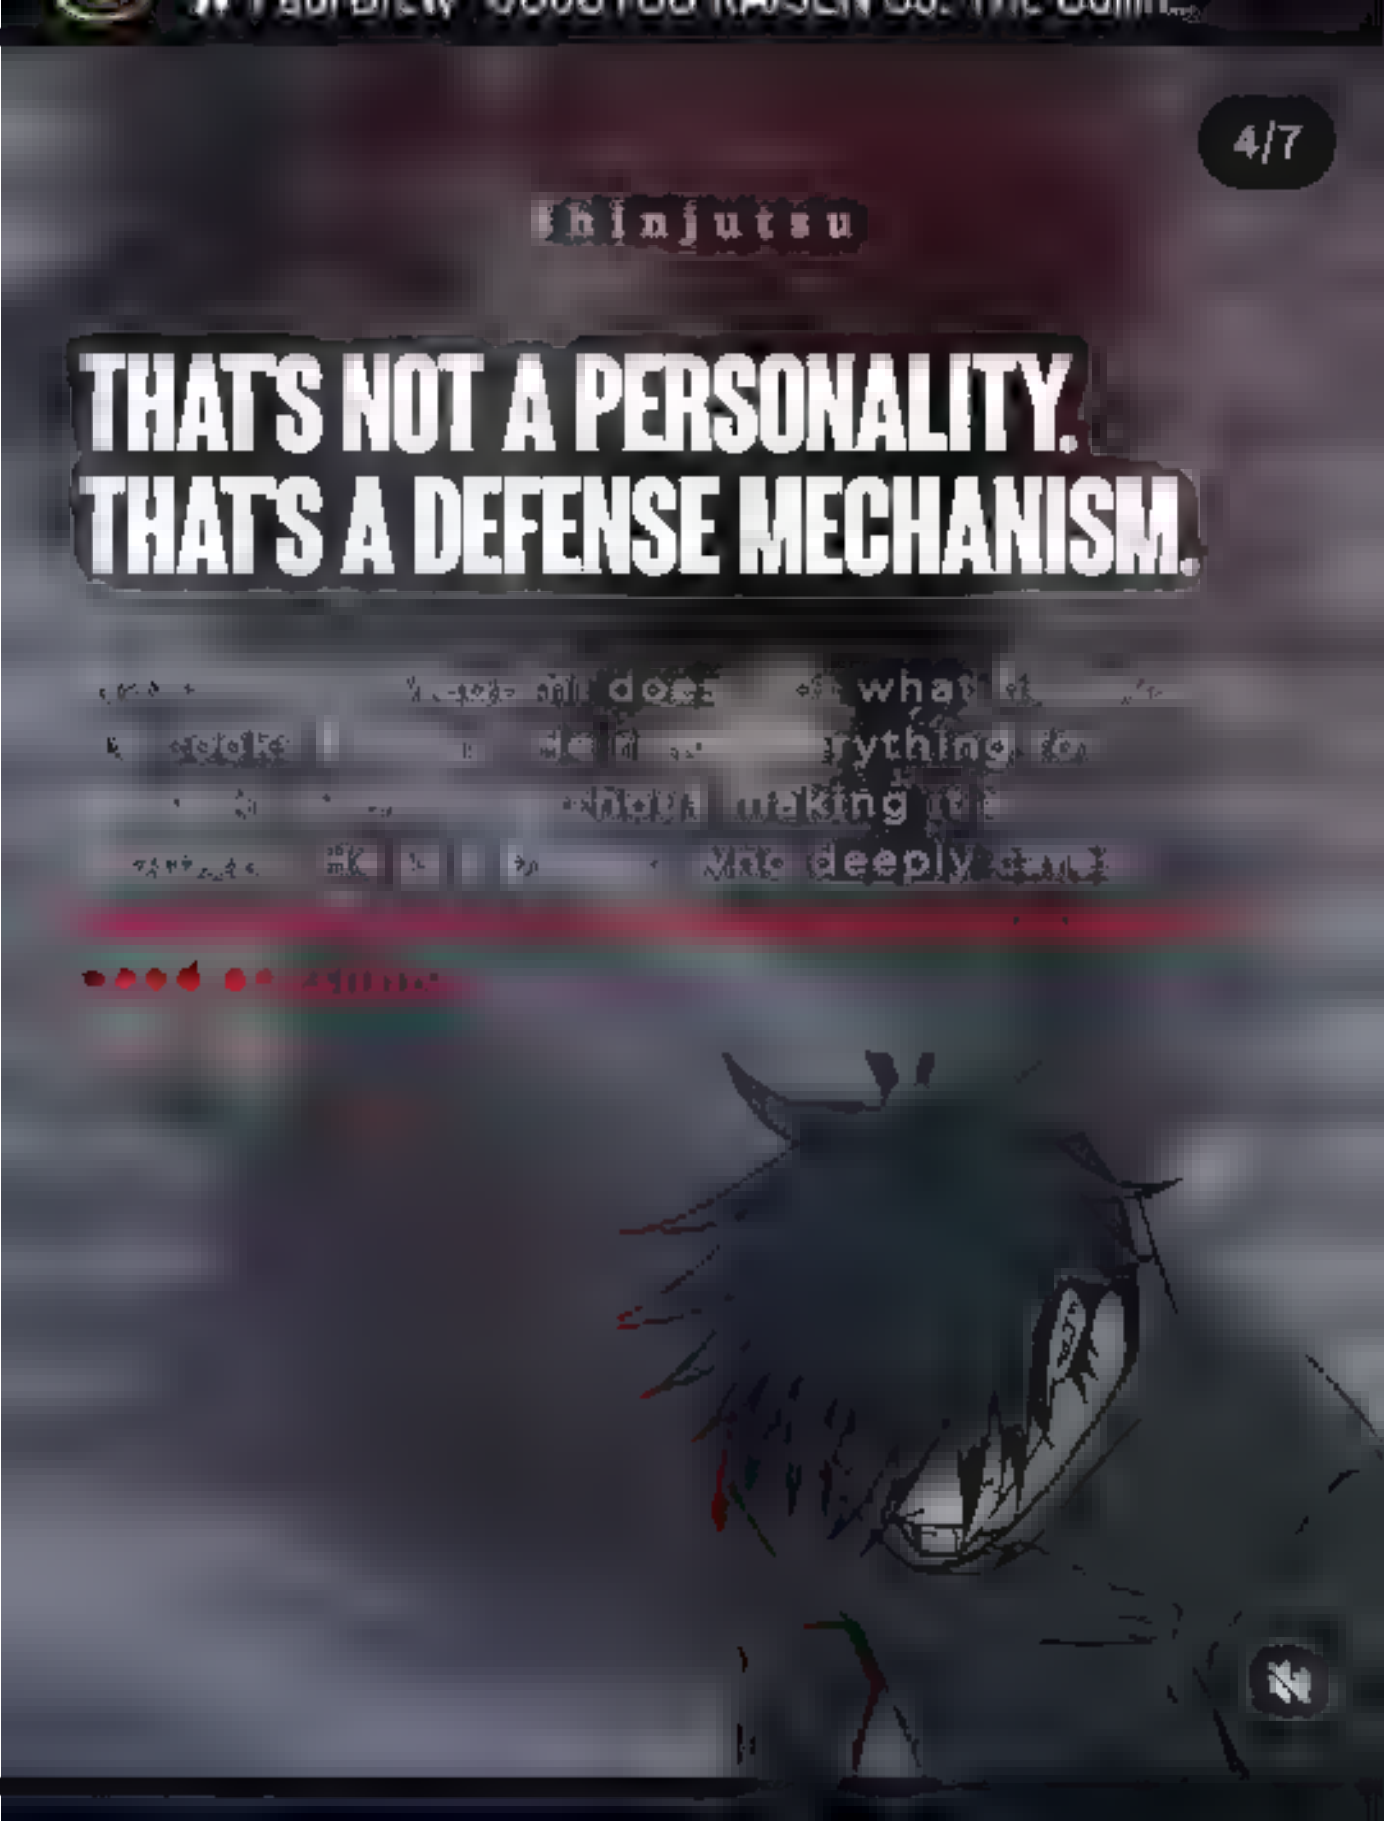
ALWAYS THE HELPER, NEVER THE HELPED

Most of us were never sold to a sorcerer clan But a lot of us grew up w th the same under y ng message **that love and belonging are things you earn.** By be ng useful By not need ng too much By always holding it together

The resu t is someone who is self-sufficient on the outside and qu etly starv ng on the ns de **Who says "I'm fine" reflexively, not honestly**

Shinjutsu

THAT'S NOT A PERSONALITY.
THAT'S A DEFENSE MECHANISM.



HE COULDN'T PROTECT HIMSELF BECAUSE HE NEVER BELIEVED HE WAS WORTH PROTECTING.

The cruelest part of his arc is that his inability to see his own worth is exactly what leaves him open to Sukuna

THAT PATTERN PLAYS OUT IN REAL LIFE TOO

In jobs that undervalue us, in re ationships where we give more than we receive **in how we speak to ourselves when no one is listening**

shiolutsu

YOUR WORTH IS NOT A PERFORMANCE

never got to learn that.

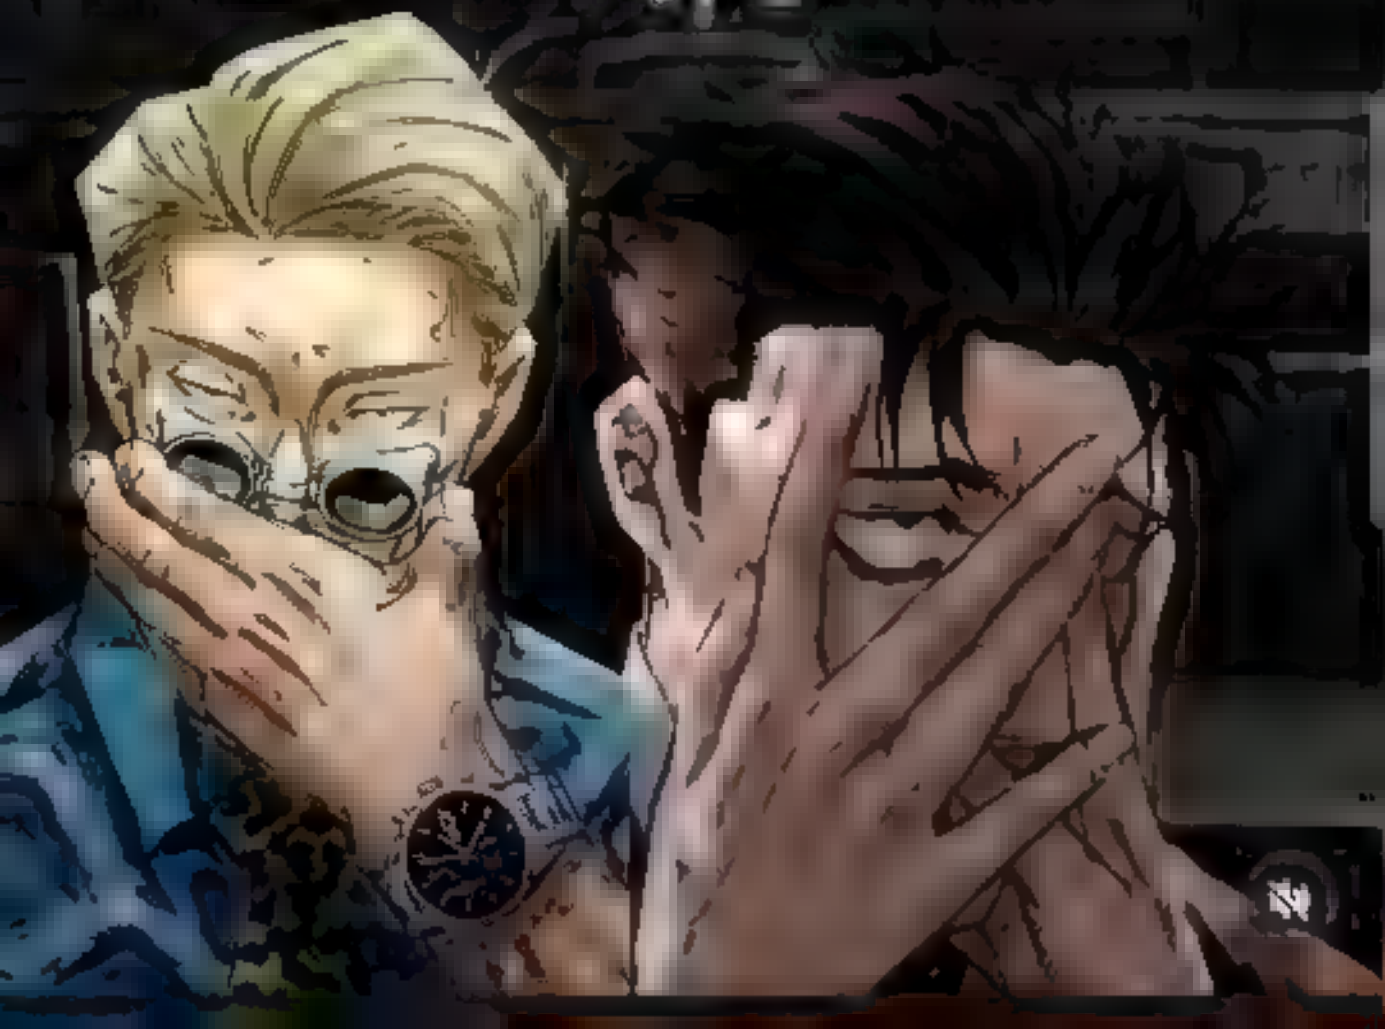
WHEN SOCIETY FAILS ITS BEST PEOPLE

The Tragedy of Nanami and Higuruma

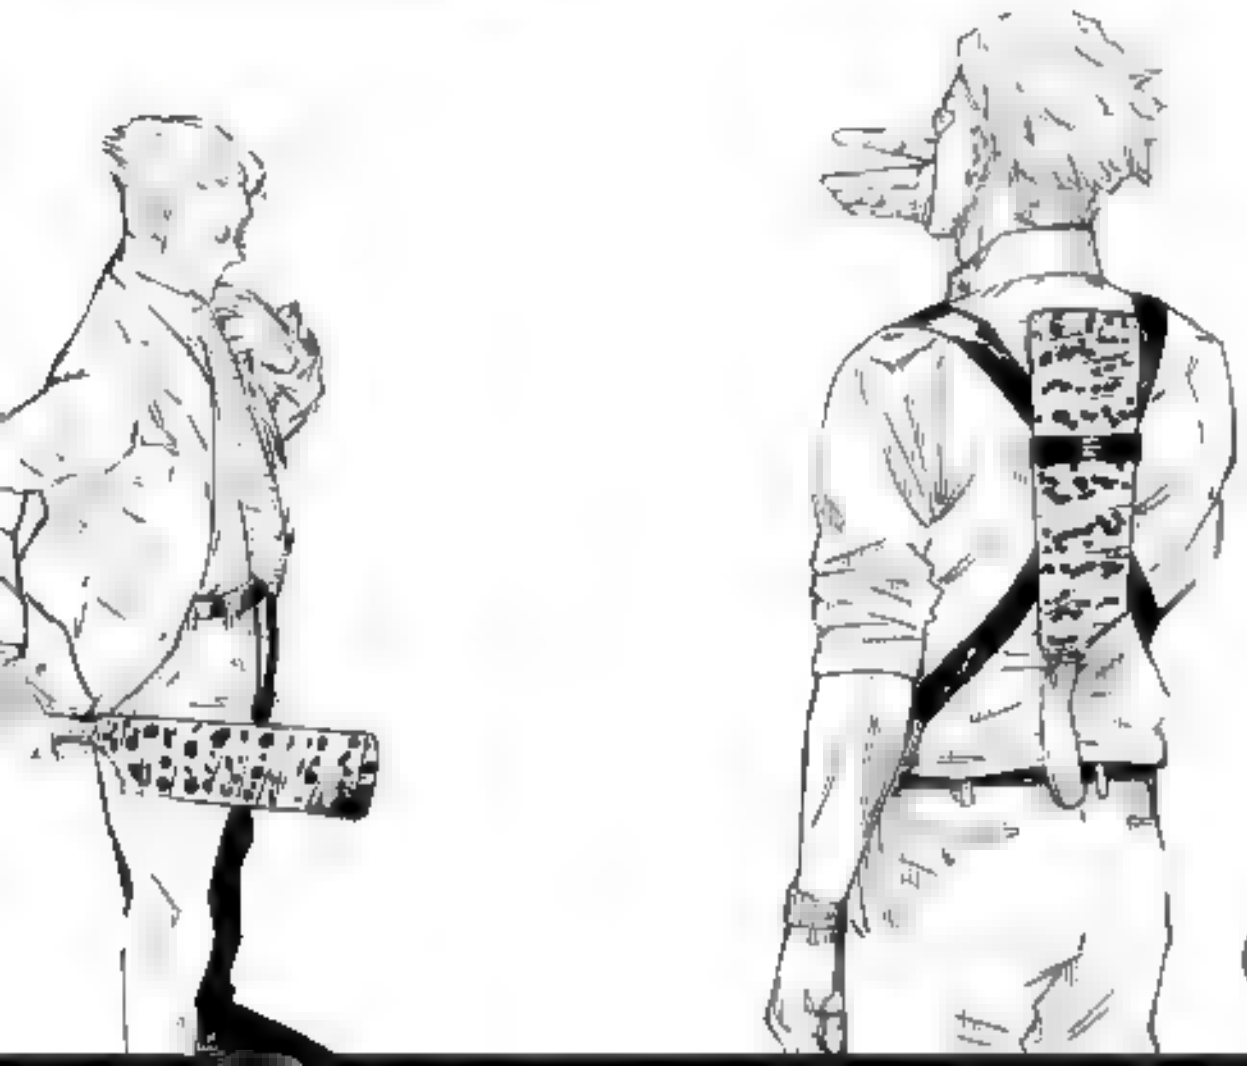


Nanami Kento and Higuruma Hiromi are not just similar characters

They are portraits of what happens to good peop e when the world proves unworthy of them

Both men entered demanding professions carrying a quiet but genuine bel ef that nst tutions could be fair that systems could serve people.

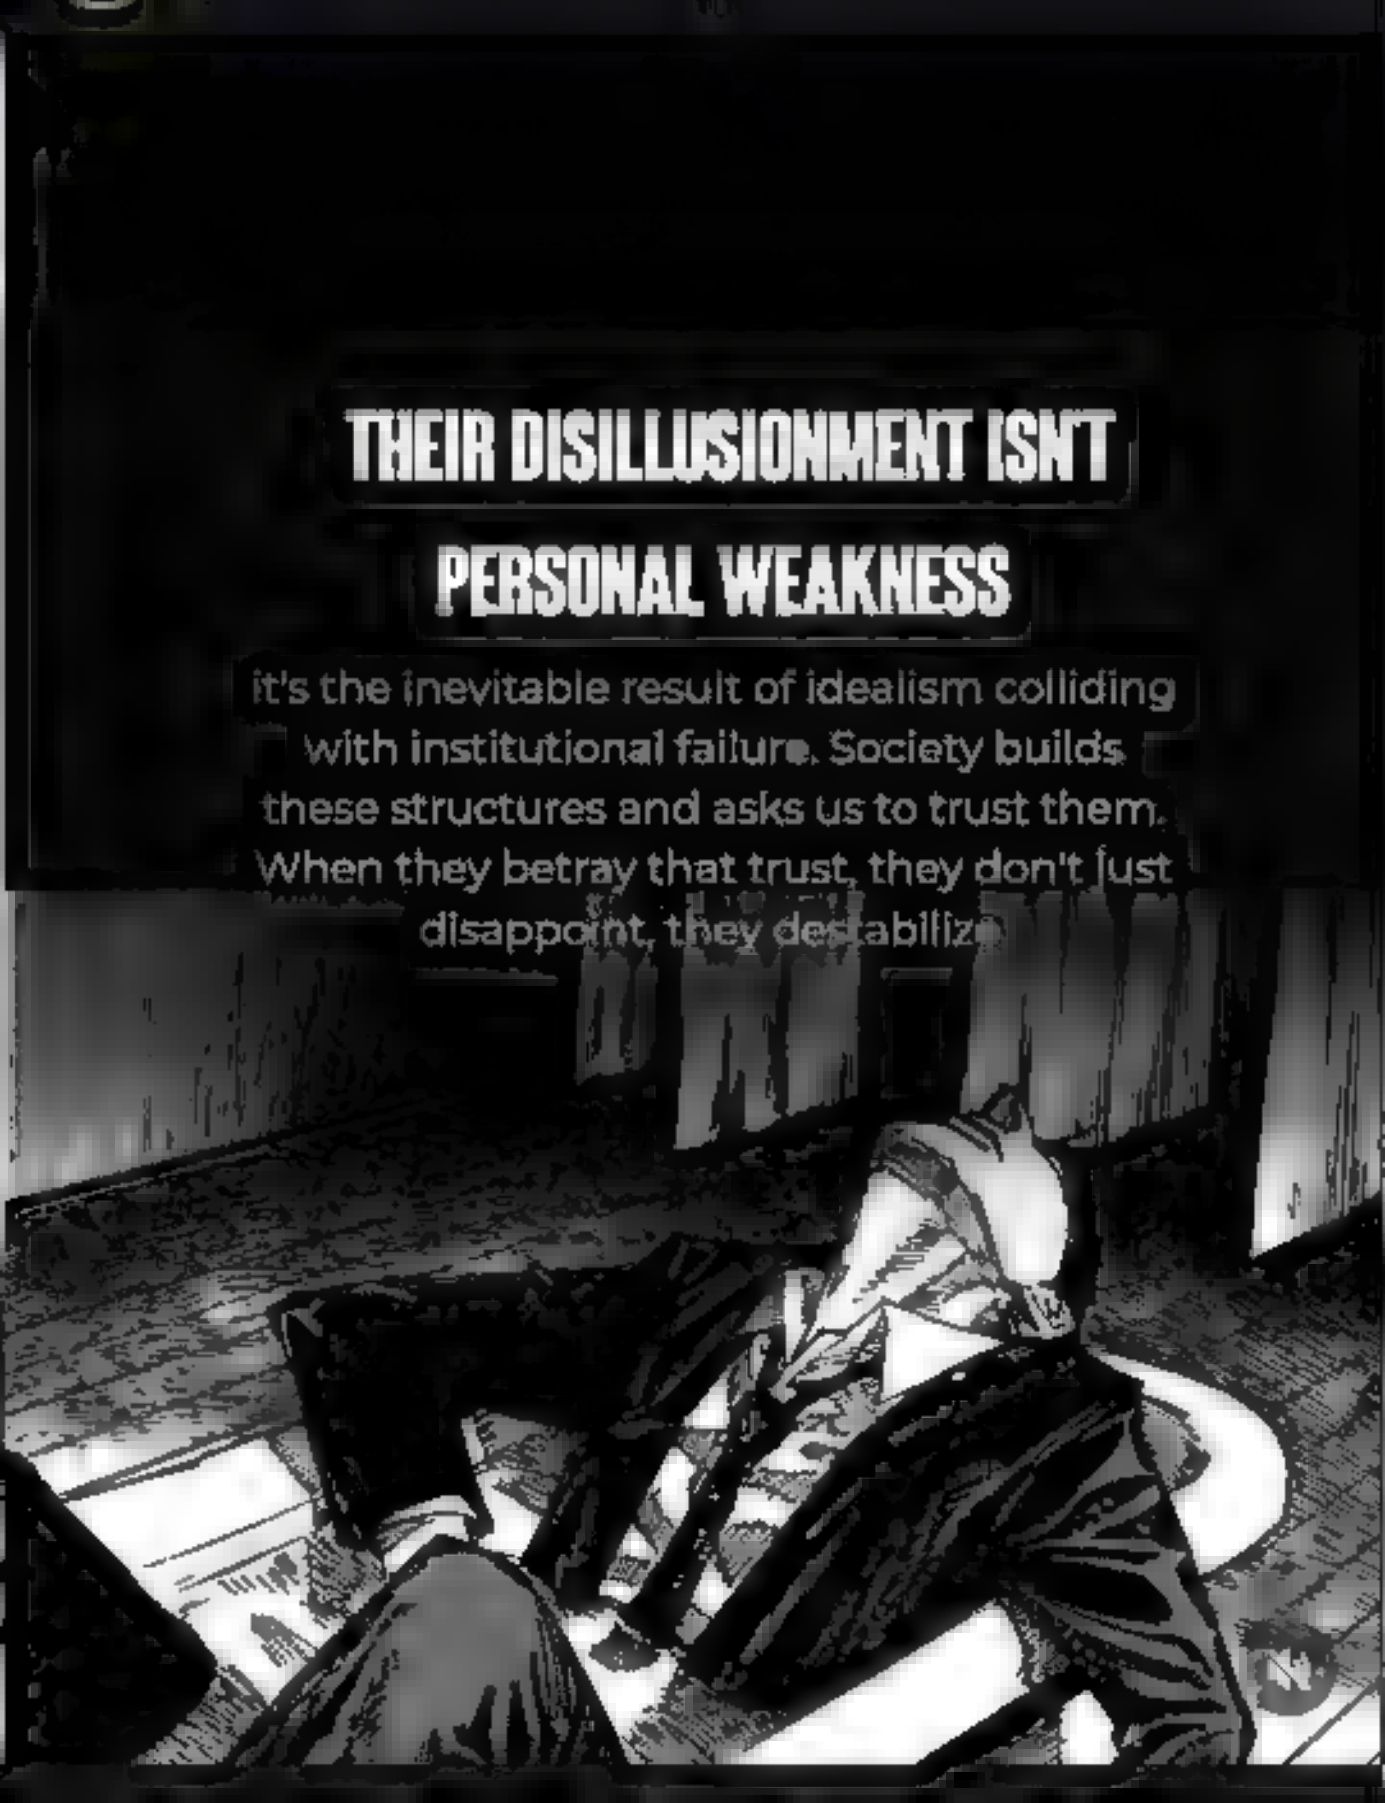
Nanami trusted the world of sorcery, then the corporate world, only to find both hollow and exploitative.



Higuruma dedicated himself to defending the innocent through law, until a single corrupted verdict shattered his faith entirely.

THEIR DISILLUSIONMENT ISN'T PERSONAL WEAKNESS

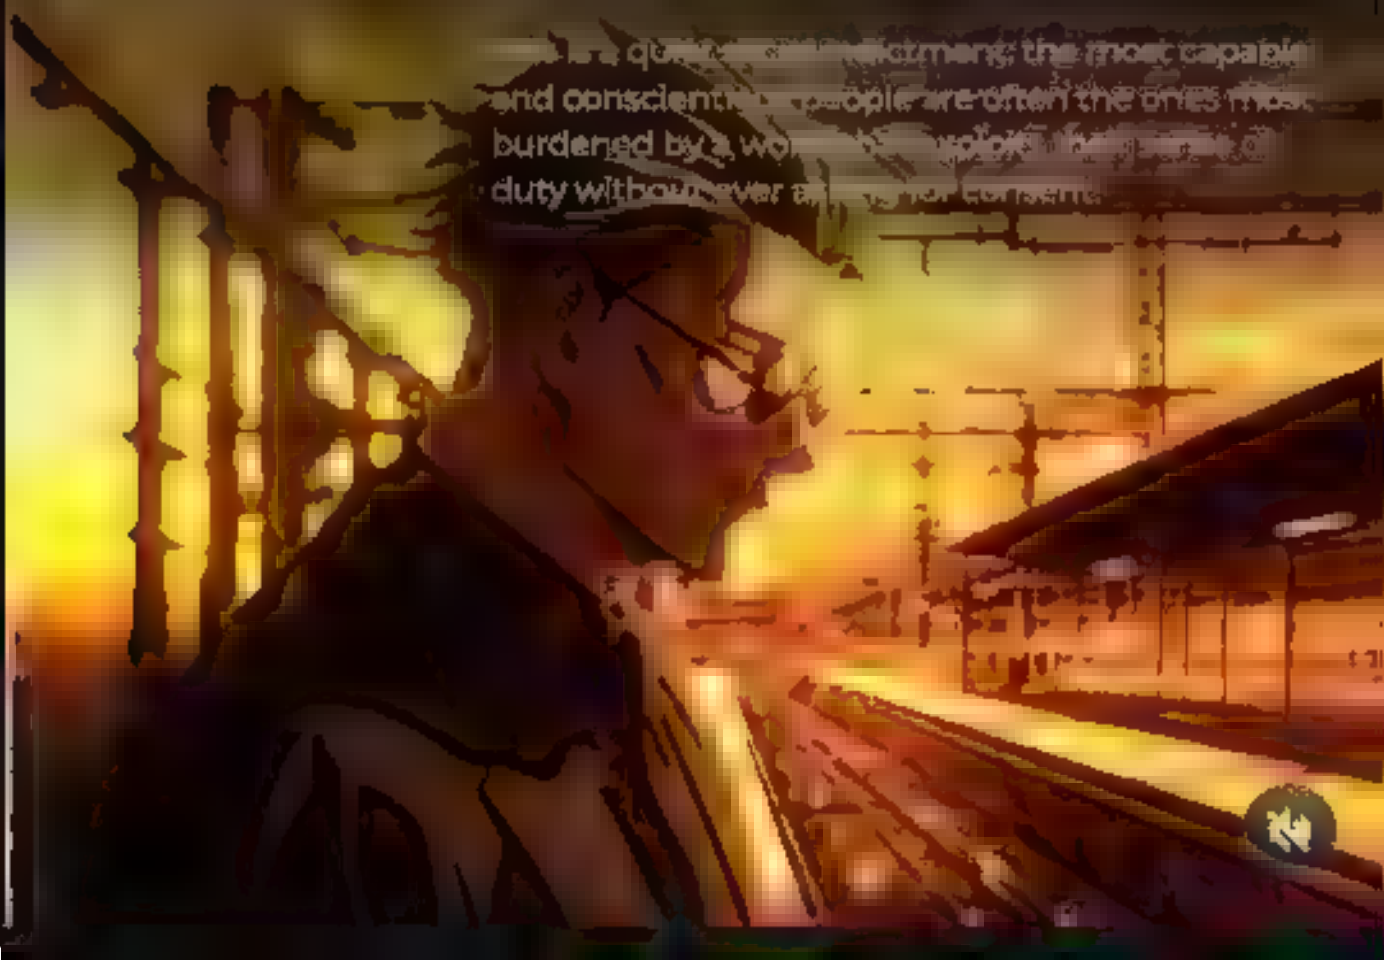
it's the inevitable result of idealism colliding with institutional failure. Society builds these structures and asks us to trust them. When they betray that trust, they don't just disappoint, they destabilize.



NEITHER SOUGHT POWER OR GLORY.

What makes them tragic isn't that they lost it's that they were conscripted.

Their competence made them visible, and visibility made them responsible.



how long does sciatica last

+10

Sciatica typically lasts between **4 to 8 weeks**, with many acute cases resolving within 10 days to 4 weeks with self-care. While most cases are temporary, chronic sciatica can persist for several months to a year or more if not treated. hssh.health +3

Key Takeaways on Duration

- **Acute Sciatica:** Often improves within a few days to 6 weeks.
- **Chronic Sciatica:** Lasts longer than 3 months.
- **Recovery Factors:** Healing depends on the cause (e.g., slipped disc) and early management.
- **Pregnancy Sciatica:** Usually resolves after childbirth. Cleveland Clinic +4

When to See a Doctor

Seek medical attention if the pain does not improve within 6 weeks, is severe, or is accompanied by numbness, tingling, or weakness. www.nhsinform.s +1

Tips for Faster Recovery

- **Stay Active:** Gentle movement is better than prolonged bed rest.
- **Stretching:** Specific exercises for the piriformis muscle can help.
- **Heat/Ice:** Use ice packs for the first 72 hours, then heat.
- **Posture:** Avoid sitting for long periods. hssh.health +4

Exercises to Avoid (Especially in Early Stages):

- **Deep Forward Bends/Stretches:** Touching your toes or intense hamstring stretches can pull on the nerve.
- **High-Impact Activities:** Running, jogging, basketball, or tennis.
- **Heavy Lifting/Squats:** Exercises that add immense pressure to the lower back.
- **Full Sit-ups:** These place intense strain on the lower spine. www.posdocs.co...

What to Do Instead (Once Pain Allows):

- **Prioritize Mobility Over Intensity:** Focus on low-impact movement like walking, swimming, or gentle walking.
- **Focus on Core Strength:** Strengthening abdominals and glutes helps relieve pressure on the sciatic nerve.
- **Follow Symptom-Guided Care:** If an action hurts, stop. Recovery needs a gradual return to activity. www.posdocs.com

If your symptoms are severe, include numbness, or last for more than a few days, consult a professional to ensure your exercise routine is helping, not hurting. www.lazarspinal...

+12

Yes, exercising too soon or too aggressively can significantly worsen sciatica, turning a minor irritation into prolonged injury. While movement is essential for healing,high-impact activities, bending forward, or pushing through pain during a flare-up can overstretch the already irritated nerve, increasing inflammation and pain. YouTube +2

Why Exercise Too Soon Can Make It Worse:

- **Irritated Nerves Need Calm:** During a flare-up, the sciatic nerve is inflamed and inflexible. Improper exercises can overstretch or compress this nerve.
- **Pushing Through Pain:** Continuing with workouts that cause sharp pain can cause muscle spasms that pinch the nerve further.
- **Muscle Imbalances:** Overactive back/thigh muscles and weak glutes/abs often cause sciatica. Jumping into exercises that further tighten these muscles (like hamstrings stretches) can make the problem worse. YouTube +2

OTHER HELPFUL SLEEPING TIPS FOR SCIATICA

- Try sleeping on a medium firm mattress, which better supports the back, hips, shoulders, and knees. Soft mattresses allow the body to sink into them, causing the spine to be out of alignment. Placing a piece of plywood between the mattress and box spring can help a soft mattress feel firmer.

- Try using a body pillow to prevent rolling from the side to the stomach while sleeping. Smaller pillows can help support other body parts.

- Light stretching exercises before bed help loosen muscles and reduce pressure on the sciatic nerve.

- A warm bath before bedtime relaxes muscles and helps reduce pain.

Sometimes sciatica resolves on its own, but many cases need treatment. If you suffer from sciatic pain, contact the physicians at Atlanta Brain and Spine Care. Our doctors are experienced in the diagnosis and treatment of sciatic nerve pain.

1. Seated glute stretch

In the seated glute stretch, you sit cross-legged
Goodboy Picture Company/Getty Images

1 Sit on the floor or a chair with your legs out in front of you.

2 Bend your right leg, putting your right ankle on top of the left knee.

3 Lean forward and allow your upper body to reach toward your thigh.

4. Hold for 15-30 seconds. This stretches the glutes and lower back.

5. Repeat on the other side.

stiffness and encourages healing. Harvard Health +5

Key Considerations for Resting and Healing:

- **Avoid Long-Term Bed Rest:** Staying in bed too long causes muscle weakness, which often makes symptoms worse.
- **Stay Active:** Gentle movement and light daily activities are crucial for recovery.
- **Best Positions:** If resting, lie down for short periods, often with a pillow under your knees, or on your side with a pillow between your knees to reduce pressure on the nerve.
- **Avoid Triggers:** Avoid sitting or driving for long periods, as these increase pressure on the spine.
- **Use Heat/Ice:** Apply cold packs for 20 minutes several times a day in the first few days to reduce pain, then switch to heat. Harvard Health +6

Not all patients qualify for these surgeries, please speak with your surgeon to review your MRI and x-ray imaging to find what surgical option is best for you.

Lifestyle Changes to Prevent Sciatica

Prevention plays a vital role in managing sciatica. Consider these lifestyle adjustments:

- **Exercise Regularly:** Focus on low-impact activities like swimming, yoga, pilates.
- **Maintain Good Posture:** Use ergonomic chairs and avoid slouching.
- **Lift Correctly:** Bend at the knees, not the waist, when lifting heavy objects.
- **Maintain a Healthy Weight:** Excess weight can strain the lower back.

2. Medications

Over-the-counter and prescription medications can help manage pain and inflammation.

Over-the-counter options include:

- NSAIDs: ibuprofen (Motrin or Advil), naproxen (Aleve)
- Acetaminophen (Tylenol)

Prescription options include:

- NSAIDs: celebrex (Celecoxib), and meloxicam (Mobic)
- Muscle relaxants
- Corticosteroids: prednisone, methylprednisolone (Medrol), etc.

Speak to your physician about other medication options if over-the-counter medications are not effective.

3. Heat and Ice Therapy

Utilizing heat and ice can reduce inflammation and provide pain relief. Apply an ice pack with a towel for 10-15 minutes to alleviate inflammation. This can be followed by a heating pad with a towel to soothe tight muscles for an additional 10-15 minutes. Ensure that use of either modalities requires 15 minute breaks between use, to avoid any irritation or injury to the skin.

4. Chiropractic Care

Using soft tissue mobilization techniques to alleviate tight muscles that may contribute to pressure on the sciatic nerve.

5. Acupuncture

Eastern medicine practice involves inserting thin needles into specific points on the body to reduce pain

- Stretching exercises targeting the hamstrings and lower back
- Core-strengthening exercises to improve posture and support the spine
- Manual therapy to relieve tension

2. Medications

Over-the-counter and prescription medications can help ge pain and inflammation.

Key Reasons for Nighttime Sciatica Pain:

- **Spinal Pressure:** Lying flat can cause the lumbar spine to misalign or compress the sciatic nerve, particularly with a mattress that is too soft.
- **Inactivity and Stiffness:** The lack of movement while sleeping allows muscles and joints to tighten, reducing blood flow to the inflamed area.
- **Inflammation Build-up:** Inflammation from daily activities tends to peak at night.
- **Reduced Distractions:** The absence of daily activity and mental distractions makes pain perception higher at night. Harley Street Spe... +5

Tips for Relief:

- **Pillow Support:** Side sleepers should place a pillow between their knees; back sleepers should put a pillow under their knees.
- **Mattress Quality:** A medium-firm mattress is usually best to keep the spine neutral.
- **Pre-bed Routine:** Take a warm bath, do

why does pain get worse at night

+8

Pain is often worse at night due to a combination of lower cortisol levels (which reduces inflammation control), reduced distractions, and reduced physical activity. As the body relaxes and distractions fade, the brain becomes more aware of pain signals, while lower levels of anti-inflammatory hormones, such as cortisol, allow discomfort to feel more pronounced. Harvard Health +4

Key reasons why pain is often worse at night include:

- **Lower Cortisol and Hormone Shifts:** Cortisol, which helps control inflammation, reaches its lowest point around midnight.
- **Lack of Distractions:** Without daily activities to distract you, your brain focuses more on internal sensations, making pain feel more intense.
- **Reduced Circulation and Immobility:** Lying still for long periods can lead to joint stiffness, fluid accumulation, and reduced circulation, which causes pain to flare up, particularly for those with chronic conditions.
- **Reduced Medication Efficacy:** If pain medication is taken in the morning, its effects may wear off by nighttime, resulting in higher pain levels.
- **Temperature and Environment:** A cold bedroom can increase nerve-related pain, while poor sleeping positions, such as sleeping on the stomach, can lead to misalignment and discomfort.
- **Inflammation Increases:** The body's natural circadian rhythm can lead to an increase in inflammation at night. Mass General Br... +8

To help manage nighttime pain, consider using supportive pillows for better alignment or discussing medication timing with a doctor.

I imagine that this therapy awakens your hormones, but that's exactly the point, you have to have self-control despite the tickling and sexual stimulation that you will have to endure from me and the other nurses, we won't make it easy for you at all, we will not let even a drop of sperm come out, to the point of almost driving you crazy and your therapy lasts 6 hours a day, let that serve as a lesson to you!!!!
